Wednesday, August 28, 1985

Greg Newell accepts the congratulations of his teammates at home plate after scoring a home run during the final game in the Tri-County Fastball League playoffs. The Minden Rockcliffe Hustlers defeated Lindsay York Tavern to sweep the championship series in three games. The team ended the season in convincing style with a 16-0 victory. For team picture and story please turn to page 12.

Public invited to comment on new zoning bylaw

Residents of the townships of Anson, Hindon and Minden are being asked to play an active role in the future development of the region.

On Saturday, August 31, the municipality's proposed comprehensive zoning bylaw will be on display during an open house at the municipal council chambers.

Property owners will be able to examine the detailed maps of the three townships

to ensure that boundaries and zoning definitions are correct.

Clerk-treasurer Beverly Millar, members of council and the municipal planning consultant Rob Lehman will be on hand to explain the provisions of the separate zoning categories and other questions that may arise.

The Official Plan adopted by the municipal council earlier this year outlines general policy on future development. The com-

prehensive zoning bylaw translates this philosophy into concrete terms, dividing the townships into particular zones regulating land usage and the location type and usage of all buildings and structures.

As such, the bylaw will have a major impact on the future of the townships.

While the open house on Saturday is being held primarily as an information session, it will allow residents to voice their opinions and concerns over specific zoning provisions as well as overall policy. The open house will be held from 10 a.m. to 1 p.m.

Bylaw endorsed limit placed on trailer park

Over 125 people attended an open house at the Stanhope Firefighters' Community Hall on Saturday, which culminated in the passing, by Stanhope Township Council, of a comprehensive zoning bylaw and an interim control bylaw.

The meeting was the third in a series of open house meetings held to allow township ratepayers to comment on the proposed zoning bylaw 85-7 which replaces a similar bylaw passed in 1977.

The first draft of the bylaw, prepared by the firm of Totten Sims Hubicki Associates was sent to all ratepayers in the township in January.

Bylaw 85-7 regulates the use of land and the character, location and use of buildings and structures throughout the township.

According to Reeve Harry Davis, the bylaw, passed on Saturday, is a refinement of the comprehensive zoning bylaw passed in 1977 and was initiated because of numerous loopholes and poorly defined areas contained in the former bylaw.

Among the major changes is the designation of many waterfront properties as Shoreline Residential Type One or Type Two.

Type One (SR-1) allows the conversion of seasonal dwellings to permanent

single-family dwellings provided certain conditions such as a private water supply and private waste disposal system are met.

Under the new bylaw dwellings on lands zoned SR-2 cannot be converted to permanent residences. Also as a result of the new bylaw many of the low-lying areas in the township now fall under an Environmental Protection (EP) Zone which prohibits the construction of buildings or other structures without prior approval of the Ministry of Natural Resources (MNR).

These flood prone areas were designated EP by the municipal planner following studies of aerial photographs and topographical maps and have met the approval of the MNR.

Trailer park

Of particular interest to many of the people who attended the meeting on Saturday, was the zoning of a property on Halls Lake as a Recreational Commercial Exception Four zone.

The property is the site of a proposed trailer park that has come under heavy criticism from many ratepayers on the lake because of concerns that the development will have a detrimental effect on the environment, particularly the quality of the lake water

(more on page 3)

Home damaged by flames

A home in Lutterworth Estates suffered extensive damage in a fire Friday afternoon.

The owner of the mobile home, Sidney West, was absent when the fire began and the blaze went undetected until neighbours heard a window explode due to intense heat.

Members of the Minden Fire Department arrived shortly after 3 p.m. to find the utility room in the centre of the building engulfed in flames.

Firefighters were able to quickly extinguish the flames but the utility room and part of the living room were gutted.

The remainder of the structure suffered smoke and water damage.

An electrical short circuit in the utility room is believed to be the cause of the fire which resulted in an estimated \$20,000 in damage.

The chefs were kept busy throughout the afternoon Saturday, feeding a steady stream of area residents at a benefit barbeque on Hall's Lake. The fund-raising event was organised to assist the owners of the Hall's Lake Cafe which was recently destroyed by fire. The event raised almost \$2000 for the fire victims.

Outstanding show features wilderness

The rugged beauty of the Haliburton Highlands has long been an inspiration to artists.

Attracted by the landscape and plentiful wildlife some of the finest artists and craftsmen in the country have made their home in this region. The current exhibit of paintings, sketches and handicrafts at the Agnes Jamieson Art Gallery in Minden, features the work of six artists from the Highlands and surrounding area.

Five of the artists who provided works for the show attended the opening on Saturday and spent much of the afternoon discussing their artistic endeavours with the many visitors who attended the opening and comparing techniques and styles with each other. The theme of the show is wildlife but the large number of works also include landscapes, portraits, and a unique and colourful collection of Indian crafts.

The display of marquetry is the work of Kevin Dunlop of Blairhampton. After graduating from Conestoga College of Applied Arts and Technology, Kevin served as an apprentice to a veteran cabinet maker and marqueterian before starting his own business.

Kevin inlays rare species of wood gathered from regions throughout the world to create pastoral scenes, and landscapes, as well as wild birds and animals. A full sized door frames his largest and most interesting work "Behind Closed Doors".

The work began as a reproduction of a fedora worn by his uncle and developed as Kevin explained, "as if it had a mind of its own," to become a myster-

ious figure lurking in a hallway like a figure out of an old gangster movie.

Kevin has a difficult time keeping up to the demand for his work by collectors

and retail outlets, but found time to teach a course in marquetry at the Haliburton School of Fine Arts this summer.

Included in the exhibit is

the work "The Homestead" which Kevin created while still an apprentice. The piece was featured on the cover of the School of Fine Arts summer program.

Wildlife featured

Another busy young artist whose paintings are featured in the show is David Risk of Lochlin who has developed an international reputation in a very short time, for his realistic portrayals of wildlife. Working in acrylics and watercolours David has created numerous works for private collectors in Canada and the United States.

The wilderness of the Canadian shield provides the setting for many of his beautifully detailed renderings of wildbirds, native to the area.

The paintings of Terrence Andrews of Fenelon Falls are the most impressive works in the exhibit. Like the other painters whose works are on display at the gallery, Terrence is self taught and has developed his natural skills through years of research, field studies and painstaking work. The finely detailed acrylics reveal an innate understanding of form and colour. The nearly three dimensional images of birds and wildlife in their natural setting are incredibly lifelike and appear ready to leap

Four of the young artists exhibiting their works at Agnes Jamieson Gallery share a lighthearted moment.

PARTICIPATION

MUNICIPAL ENUMERATION

Starting September 3, 1985, an enumerator, carrying a proper identification card, will call at your residence for a few minutes to check basic information required in determining:

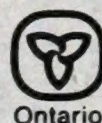

- your eligibility to vote in the municipal and school board elections to be held on November 12 this year;
- the allocation of education property taxes between the public and separate school systems;
- the distribution of provincial grants to local governments to help reduce tax bills;
- the preparation of jurors' lists; and
- population information needed for other municipal programs.

The enumerator must record such information as the name, age, property status (e.g. owner or tenant), school support and residency of all members of the household.

When the enumerator visits, please check that the information on the Enumeration Notice is correct. If it is not, revise it and verify the changes.

If you are not home, a Notice will be left for you. If changes are necessary, please make them and mail the Enumeration Notice, as soon as possible, in the pre-addressed postage prepaid envelope accompanying the Notice. For any additional information, please contact the local assessment office.

Ontario

In the early morning hours of Thursday, July 25th, fire virtually destroyed the main lodge at Pine Ridge Resort on Gull Lake. In considering the devastation, many dedicated people, who had spent months working toward the restoration of the old landmark, were suddenly crushed with the realization that their dream was temporarily put on hold.

Had it not been for the very good people of this wonderful community, the initial impact of the loss would have certainly been more traumatic. Their sincere sorrow, good wishes and thoughtful donations and assistance was, without question, an immense morale booster.

We would like to thank everyone who shared this very difficult time with us ... you were absolutely terrific.

The Management & Staff, Pine Ridge Resort

There was nothing left of one of the oldest cottages on Boshkung Lake but charred remains following an early morning fire Tuesday. Stanhope firefighters arrived at the scene around 5 a.m. to find the building all but destroyed. The fire in the cottage owned by John Kirkconnell of Kanata, Ontario, is believed to have been started by lightning.

Woman hurt in collision

An air ambulance was used to transport a seriously injured woman to Toronto from Haliburton early Tuesday (August 20) afternoon. The leg injuries came as a result of a collision between an all terrain cycle and a van.

According to the police, Caroline Stock, 24, was sitting on the ATC in a driveway at Tory Hill. She was apparently unfamiliar with the operation of the machine and was unable to bring it under control after it slipped into gear and bolted out onto the highway. The three wheeled cycle was struck by a van driven by 57 year old Aart Verbaan of Minden Township.

Stock was taken to the Haliburton Hospital and later transferred by air to Toronto.

Police estimate damage to each vehicle at \$1000.

Constable Wayne Smith was the investigating officer.

Break-ins

Police are looking for a Robin Hood imposter with pockets that jingle when he

walks and who has a penchant for light reading following a series of break-ins in the Gooderham area. According to the authorities, a recent rash of thefts in the area has netted the

intruder a fibreglas bow and arrow set, a stack of comic books and a quantity of loose change.

The matter is being investigated by Constable Boyd Jarvis.

Stanhope bylaw

(from page 1)

in an area that is already heavily populated.

The zoning bylaw restricts the site to a total of 65 trailers, considerably less than the 140 trailer sites originally proposed by the owner of the property.

In answer to requests from residents of Halls Lake, Council passed an Interim Control Bylaw which places a freeze on development of the property while a water quality study is carried out on Halls Lake. The bylaw is effective for one year but may be

repealed when the results of the study are known.

The meeting on Saturday was the last in a series of open houses and Council meetings dealing with the comprehensive zoning bylaw. During those meetings Council has made amendments to the first draft of the bylaw in response to public objections and to correct site specific mistakes, but there are unresolved objections which will be presented at an Ontario Municipal Board hearing into the bylaw expected within the next eight months.

A chance for input

It is a common complaint these days that government has become too big, that it fails to respond to the wishes of the people it is supposed to represent and serve. While these thoughts are more often than not directed at the federal and provincial levels, the municipal authorities can sometimes be the target, and justifiably so, for such accusations.

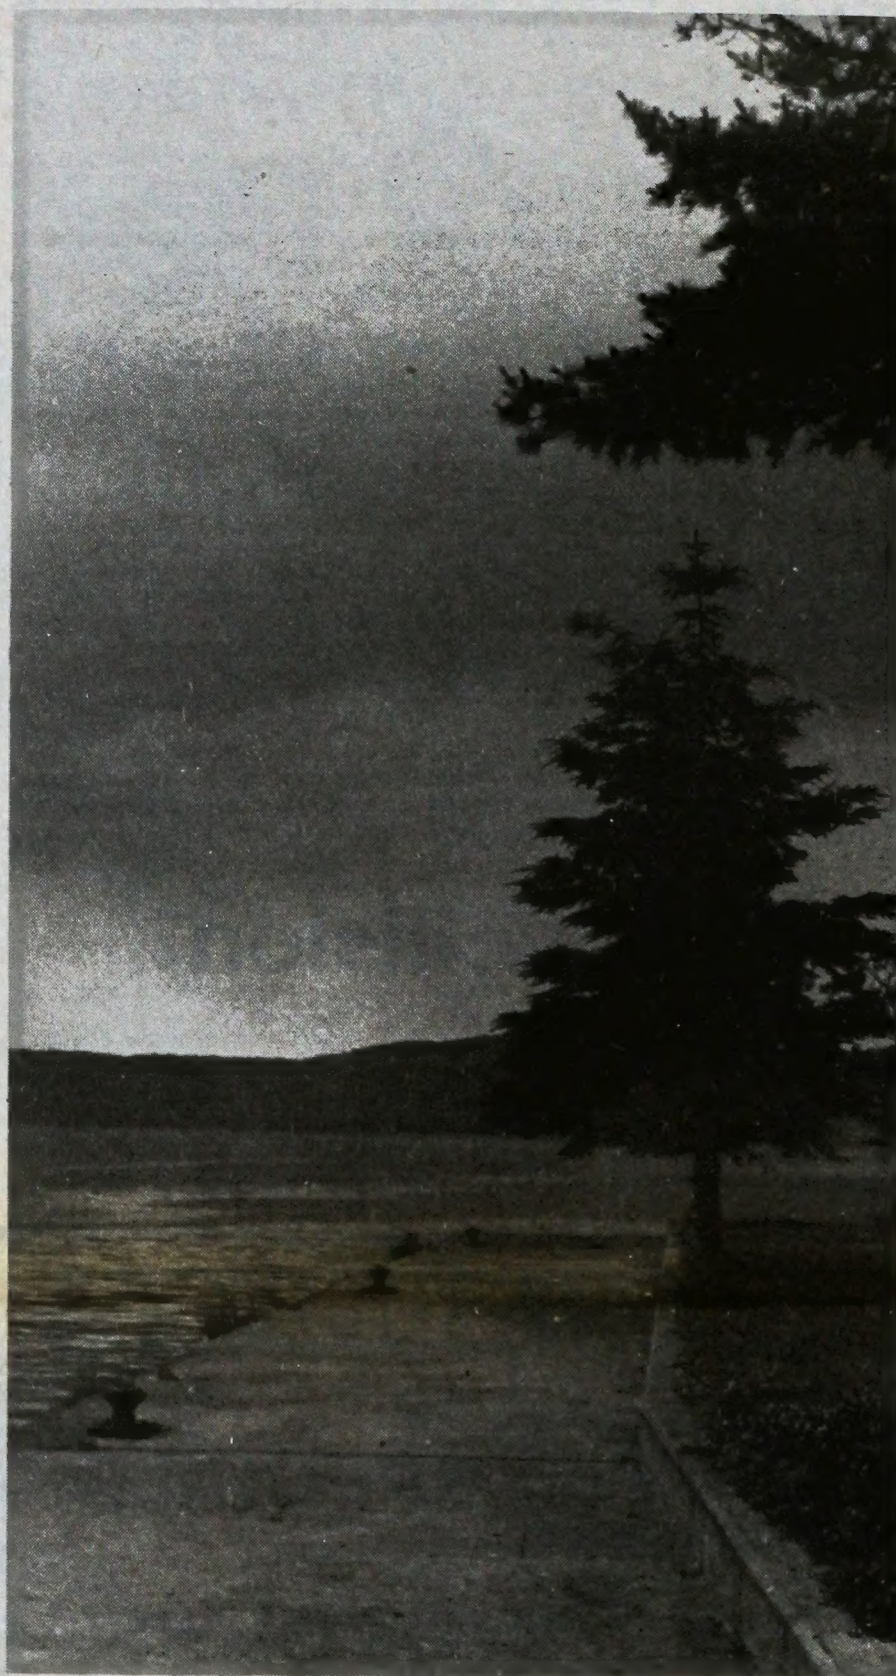

There are times however, when such a comment directed at local politicians has a hollow ring. The municipal election is one opportunity where voters can get the attention of municipal representatives and yet, in most cases, the turn-out is dismal. For property owners in the municipality of Anson, Hindon and Minden, another opportunity presents itself this Saturday.

On that occasion, the townships' newly redrafted comprehensive zoning bylaw will be unveiled. Residents will have an opportunity to question planners, municipal staff and members of council on this important document. The zoning bylaw is a set of regulations which outline in specific detail what can and cannot be done with property in the three townships. It provides a road map for future development, development that could be of vital interest to individuals who own property in the municipality.

Just this past week, Stanhope municipal council endorsed its zoning bylaw. Comments from ratepayers during the preparation stage have helped to provide guidance for the councillors and planners as they mapped the township's future. The same could be true in Anson, Hindon and Minden if ratepayers are willing to show enough interest to attend Saturday and comment.

The bylaw on view this Saturday represents many hours of lengthy consideration and debate by councillors. This is the first and most important opportunity for input from the public. While there will be other chances to comment, as each stage passes, the form of the bylaw takes on increasing rigidity.

Voters in this municipality are fortunate this year to have two opportunities to make their feelings known to their elected officials. In addition to the municipal election in November, they can speak up this Saturday. We hope they do.

Storm clouds over Lake of Bays.

outdoors

Federation of Ontario Naturalists

Like a painting-in-progress, the meadow's performance begins. Dark greens and browns have been laid on, meticulously, all summer long. By late summer, they provide a sea of texture - of balls and bulbs, lace and swaying stripes, all woven together into an intricate tapestry. Here and there, blotches of bright yellow, white and orange have been laid-on, riveting attention.

Now, the artist begins to really add the colours. Whites, blues, yellows and mauves, like brush-spattering, appear. Like a riveting slow-motion picture, the colour appears. Slowly at first it accelerates, then crescendos in a spectacle of colour.

Fall bloomers - particularly the asters - are a fascinating and colossally successful group of plants. They're part of the composite family - the most recent and largest group of plants to develop on the face of the earth. Almost 700 different species grow in our area alone.

Among these, the asters have successfully "cut" a niche for themselves. The most abundant utilize fallow places - whether pasture or abandoned field, burnover forest or garden's forgotten corner. A diverse assortment - over 40 species in n.e. North America, they have also "specialized"; some species have adapted solely to woodlands, other to woodland clearings, others to bogs, or to particular soils.

But they share a number of attributes - among them this rather - curious late-summer blooming; after all, they have to produce seed. We know what triggers the bloom now - shortening daylength. But, nobody is quite sure why.

One plausible explanation is that their ability to rapidly set seed enables them to take advantage of other plants' failings. All summer, while other plants have flourished and bloomed, the asters have grown slowly, putting all of their energy into building strong, healthy rootstocks and elaborate plant structures. Some woodland clearing species reach just 10", while those of meadows often reach 5 - 7 ft., well above surrounding grasses. Then precisely as grasses and other plants are withering in the face of drought, the asters, exposed by the others' failing, burst into bloom.

Sharing also a remarkable ability to extract water from bone - dry earth, asters flower spectacularly during late summer's dry weather. The New England Aster, and most common, produces 45 - 100 exquisite, purple rays on each flower

letters letters letters

Editor:

We would first of all, like to thank all the volunteers who helped with the work involved with holding our 1985 Haliburton County Fair. We wonder if this community realizes how much time and labour has been donated over the past 121 years to make this Fair a reality - all without pay.

Some problems are beyond our control, such as weather and carnival operators who fail to honour their commitments. However, we have now run into a problem because of the few local residents.

A new addition to our fair this year was a pioneer crafts display with hands-on activities and a petting farm. This spring when we realized the mini-fair building

previously located near the library was looking for a new home, the building seemed ideal to house our new attraction.

After contacting council, we received the following reply: "Re Mini-fair building: I am pleased to confirm that the members of council passed the following resolution on March 14, 1985: 'Be it resolved that the mini-fair building presently located at the Library-Cultural Centre be offered to the Fair Board, to be moved and erected at the Fair Board's expense, and to be located to the satisfaction of council.' Kindly contact Mr. Brian Sisson to confirm the appropriate location for this structure."

Fair president, Sue Stephens, held a telephone

conversation with Brian Sisson in which she stated that we wished to locate the mini-fair building on the south west corner of the grounds where it is presently located and Mr. Sisson agreed. We contracted to have the building moved. However, on Tuesday before the fair, construction was halted when council bowed to the wishes of some local residents and had Mr. Schell stop work on the project. The alleged reasoning behind these complaints is that the building is not aesthetically pleasing, but we wonder if we are not pawns in a political game.

Fortunately, after some discussion we were allowed

Bucolic idle days in Snowdon Township

Residents familiar with *The Times* annual publication, "Minden and Area '85", will be aware that we have been seeking out interesting names for area cottages. The Zany Cottage Name Contest, as it was called, was featured on page 41 of this year's publication, inviting readers to submit the names of their cottages and the reasons behind those names for consideration in the contest.

We are pleased to announce that our esteemed judge has selected the entry of Raymond and Eleanor Lymer of South Lake with their cottage "Idylldaze" as the winning entry. They will receive the \$100 cash prize. Their winning entry is featured below.

We also received a large number of interesting and intriguing entries from throughout the county. We have reprinted some of those below. These honourable mentions will receive as a consolation prize, a year's subscription to *The Times*. Special thanks to everyone who took part.

10 after 10

Our cottage on Little Hawk Lake in Haliburton is named "10 after 10" for a number of reasons:

First, the name joins together the two cottages which have occupied the same site at different times. The original cottage was the summer retreat for my parents and our family for twenty years. The cottage was a perfect "10", filled with memories and memorabilia as my four brothers and sister passed through childhood. Unfortunately it burned to the ground in 1973; but, in its place our present cottage was built. It is now gathering its own collection of memories for my children and is now our perfect "10" - Hence it is a "10 after 10".

Beyond this, time stand still at the cottage. It is a place away from the city hustle. Just as in advertisements for clocks and watches, the time has stopped at "10 after 10". To reinforce this, our cottage clock has been also stopped at "10 after 10". Only here, at our cottage, are we able to do whatever we want, whenever we want.

Our cottage name is posted on a Japanese torii - a symbol of good fortune - at the entrance of our property. The torii was built by my father-in-law, a Japanese Canadian, in 1978.

Perhaps, not the zaniest cottage name, but, certainly, the zaniest reason why the name should win ...10:10 or 10 x 10 equals 100, the first prize.

Craig Welbourn,
Little Hawk Lake

Hoo Cares

We bought our lot on Maple Lake, North Shore Road (near Dawson Road) in 1959 and camped on it until 1965. There was only a rhubarb patch and an outhouse on the lot.

Every time we served a meal it seemed to rain and once after a hail storm on the top of the tent the puddle of ice water cascaded over my husband.

Everything was a big adventure and a lot of laughs. Our 2 children's constant hoot of "HOO CARES" seemed an appropriate name when we

built our cottage. We are now retired and enjoy a lot of time on beautiful Maple Lake in Haliburton.

Although many people tell us to "TAKE CARE", my late son used to point out to many people how to spell our name by saying - "you know, CARE, as in 'handle with, drive with, and send money to..."

Bill and Phyllis Care,
Maple Lake.

Little Nevis

The name of our cottage is LITTLE NEVIS. We are located on Lake Boshkung in Haliburton County.

When we bought the cottage ten years ago, the sandy beach reminded us of our favourite Caribbean Island - Nevis, so we named the cottage Little Nevis. Then the idea took off -

- the sandy beach is called Pinney's Beach, just like the beautiful sandy beach in Nevis.

- the bedrooms are named after the delightful hotels in Nevis (1) Morningstar (2) Montpelier (3) Cliffdwellers (4) Hamilton House (named after Alexander Hamilton who was born in Nevis and who helped to write the United States Constitution). By the way, Morningstar contains a museum of historic articles from Lord Nelson's defence of the Island. He married Lady Nisbet from Nevis. Their marriage signatures can be seen in Figtree church which has been visited by Queen Elizabeth and Prince Phillip among other famous people.

- The main room of the cottage is Charlestown, named after the capital of Nevis - because everyone meets there.

- The rocky part of our shoreline is called Golden Rock, after another hotel.

- In mosquito season, we are mindful of Mosquito Bay in Nevis.

- The bathroom is called The Airport because that's where you go for a landing! The Nevetian Airport is crucial of course for all tourists - and so is the bathroom here.

- The old outhouse is called Clay Ghout after a remote village partway up the mountain in Nevis. The outhouse is located out on a steep bank of clay. (Ghout

The winner

"IDYLLDAZE"!! The mere mention of that name immediately conjures pleasant, hazy, lazy memories of our bucolic, idle days in beautiful Snowdon Township in the heart of Haliburton County.

Nineteen years ago we discovered the joys of cottage life when we purchased a cabin on South Lake. That first year we christened our rustic, country abode, "IDYLLDAZE", as it most accurately depicted our sentiments at that time. Our new retreat was an "idyll" (a simple, pleasant scene of rural or pastoral life) where we would be spending many "idle days" in a "daze" of happiness and relaxation.

Many summers later, the title even more legitimately applies than when first conceived. We still consider our cottage an "idyll" but the "idle" is very seldom achieved. Our "days" are a constant "daze" of bewilderment and bemusement as we wage the unrelenting battle against nature -- ants, wind, raccoons, ice, skunks, snow, porcupines, dust, earwigs, mice, squirrels, beavers, rain, chipmunks, crows and relatives!!

Nevertheless we would not give up cottage life for anything. We love our "IDYLLDAZE" and Haliburton County! (On second thought a million dollars just might sway our loyalty a little.)

Raymond and Eleanor Lymer

means pass in mountain) (We'll let that pass!)

- The Nevis flag hangs in our cottage.

- Each summer I take Hibiscus plants to the cottage - this year actually planted them for the season.

This summer we were pleased to welcome our Nevetian friend, Maude Crosse, to Little Nevis, here on a holiday.

I forgot to mention the Bath House, our sauna named for the once popular health hotspots in Nevis.

I might add that we've been known to enjoy rum, beer, daiquiries and pina coladas to enhance the Nevetian idea of the Rookery Nook - Nevetian pub - all of this an addition to our favourite spot in Ontario - The Haliburton Highlands!

You may not think this so zany but you should see the looks on newcomers' faces when you say they'll be sleeping in Cliffdwellers, or when they hear someone ask if there's anyone in the Airport.

Emily Woods,
Boshkung Lake.

Shawon-dasee

Some thirty years ago we built a cottage on the North Shore of beautiful Mountain Lake.

We had the great good fortune to meet, get to know, and learn to love, the late Jane Fairfield of Fairfield Bay. Over many happy years she was a fund of information about the early history of Haliburton. And she was directly responsible for the name we gave our cottage.

I was complaining to her one sunny, summer's day about how tired and sleepy I was feeling. She remarked that the south wind was blowing, hence my lassitude.

My husband's family had relived Longfellow's Song of Hiawatha since his early childhood and when I mentioned Mrs. Fairfield's reference to the south wind he said, "Of course Shawondasee, the lazy, fat south wind" and "Shawon-dasee" became the name hanging at the end of our cottage for lo, these many happy years.

Dorothy Hinds,
Mountain Lake.

letters letters letters letters

(from page 4)

to use the building for this year's fair. It remains to be decided at council on Thursday, August 29, whether we can come up with a location mutually agreeable to all, or if the mini-fair building will be sent to the dump, as was suggested by one resident. One of the complaining parties even went so far as to say that council should spend \$10,000 to put up a proper structure.

Anyone attending the fair would agree that the mini-fair building housed a very popular and entertaining addition to our county fair. Our plans, therefore, are to continue offering the pioneer crafts display and activity centre as an annual attraction at the Haliburton County Fair.

Furthermore, during the remainder of the year, the structure would provide shelter for citizens using our municipal park land.

Take a minute and draw your own conclusions. Should this building be completed and put to good use?

We work hard to make the Haliburton County Fair a drawing card and an asset to the community. We would appreciate your support.
Haliburton County Fair Board,
Minden.

Editor:

I would like to thank Mr. Russ Paul and his wife of the Minden Shell Service Station. A few weeks ago myself and my mother (2 women) drove into Minden from my cottage at Maple Lake in an old second hand car I had bought as a runabout for the cottage. I went in to ask them to check out a noise that was coming from the rear part of the car. When Mr. Paul was checking underneath the hood as well and found that the radiator fan blade was completely cracked. He told me it was probably metal fatigue and that I shouldn't drive it because if it broke off it could go through the rad or the motor or the hood.

He tried to get me a new one and couldn't get one till the next day from Lindsay. Then he called all over and finally located one at a wreckers outside Minden.

His wife was about to offer to take us back to my cottage when it was located and offered to drive out and get it for me. They were both very nice and helpful to us and he also didn't charge an arm and leg.

There's really something to be said for a small town business that you sure wouldn't find in the big city. They really care about other people.

Keep up the good work

and the friendly talk and smiles. Thanks again.

Mrs. Liddiard,
Maple Lake.

Editor:

Today I find myself in a quandary. I would like to lay a charge of dereliction of duty against the by-law enforcement officer of Anson, Hindon and Minden

St. John Ambulance
The need never changes

in regard specifically to By-Law No. 76-42; (The display of merchandise on sidewalks;) but do not know who to approach to lay any sort of charge.

My first complaint was on July 26/85 to the by-law enforcement officer, and I was informed that it should be discussed in council, in conjunction with advice from the B.I.A.

On August 15/85, I was informed by the by-law enforcement officer that my complaint was being considered by the B.I.A. and council.

The basis of my complaint is; (and remains) the display of merchandise; contrary to the aforementioned by-law, which by a very few commercial concerns has been completely ignored, and continues to be ignored.

The aforementioned by-law is, as of this date, in force, but has never been enforced.

The sidewalks in town were renovated and widened for the benefit of the public using the sidewalks, and in my opinion not as an extension of commercial establishments.

W. H. Ingram,
Minden.

New milk policy announced

- by Bill Scott, MP -

Effective on August 16, 1985, the Target Returns level for industrial milk and cream production is \$45.68 per hectolitre for milk for Canadian requirements. The Canadian Dairy Commission has been authorized to increase federal support prices for butter to \$4.929 per kilogram and skim milk powder to \$2.922 per kilogram.

The target price for industrial milk with 3.6 kilograms of butterfat per hectolitre is 2.3 per cent above the current price of \$44.65 per hectolitre. This increase of \$1.03 is the amount indicated by the Returns Adjustment Formula through the second quarter of 1985. Federal support prices for butter and skim milk powder are being

raised 14.5 cents and 7.2 cents per kilogram, respectively, effective August 16, 1985.

The Target Return level for industrial milk and cream is calculated according to the Returns Adjustment Formula established in 1975, which measures changes in farmers' cash costs and other factors. The Target Returns level is used as a guide by provincial milk marketing agencies when setting prices for industrial milk and cream in their provinces.

The new support prices also include provisions for an increase in the returns to manufacturers for processing milk into butter and skim milk powder. This announcement has no direct impact on the price of fluid

milk and table cream as they are a provincial responsibility.

The Canadian Milk Supply Management Committee has established the national Market Sharing Quota (MSQ) for the 1985-86 dairy starting August 1, 1985 at 46.6 million hectolitres. This is a 1.6 per cent reduction nationally from last year's quota level. The reduction is due mainly to the lowering of the Special Export Quota from 2.2 million to 1.726 million hectolitres.

In making this announcement, the Hon. John Wise

indicated that these interim measures will remain in effect until the establishment of a long-term dairy policy. In July, the Minister appointed Mr. Everett Biggs and Mr. Benoit Lavigne to meet with producer groups, processors, retailers and consumers and present him with their advice of the development of a long-term dairy policy. Anyone wishing to comment on dairy policy are invited to contact the advisory group c/o Everett Biggs Associates, 21 Queen St. E., Suite 301, Brampton, Ontario L4W 3P1, (416) 453-2460.

Did you know?

by Suzanne Gilder

Did you know... that since 1980 the Ontario government has provided annual grants of up to \$500 per household to offset municipal and school taxes paid by persons 65 years of age and over who own or rent their homes?

This means that regardless of personal income, the first \$500 of a senior's annual property tax, whether paid directly or through rent, is refunded by the Property Tax Grant.

Every Ontario resident who will be 65 years of age or older in 1985 is eligible for a Property Tax Grant if he or she pays property tax or

rent on a principal residence in Ontario.

For further information on the property tax grants for seniors, why not drop in or give us a call at 457-2733. Your County Information Centre is open from 10 a.m. to 4 p.m. weekdays and is located in the Drag River Municipal Building in Haliburton.

And remember, you will never know the answer until you ask the question.

Outdoors

(from page 4)

and dozens of flowers on each plant. Multiplied by thousands of plants, they produce a sea which draws a throng of bees and other insects in a frantic race of pollination.

Using early - fall's rain, asters set remarkable numbers of tiny seeds, each equipped with a dainty parachute. Such numbers are important to the species success; drifting on the wind, many will land in unsuitable habitat, while others will "find" new clearings to colonize.

Some seeds even live through birds' digestive tracts, to be "planted" with ready made fertilizer, to sprout next spring.

Meadows are remarkably important habitats - far more so than most people realize. They support a diverse array of hardy plants and, in the process, produce

intricate habitat, close to the ground. Those vast supplies of vegetation are consumed by countless insects - themselves also food - for small mammals, reptiles, amphibians and birds.

Take a hike! - better yet, several hikes, over the next few weeks. Enjoy the painting, as the artist's colour adds life and depth. And watch for the myriad creatures which the meadow supports.

Planning for run is underway

Every day brings us closer to Terry's dream. To beat cancer.

And until his dream becomes a reality, The Terry Fox Run continues.

The great thing about this Run is that it's not just for runners. Everyone can participate and get involved in helping to stop this disease.

You can walk it. You can bike it. Wheel it. Jog it. Whatever you wish.

You can cover as much of the course as you want and you do it at your own pace. It's up to you.

The thing is to come out, participate, have an enjoyable time while making a contribution to Terry's memory.

And when you join us this year, bring along a friend. You'll make Terry's Run twice the success.

Last year the Haliburton Terry Fox Run raised \$1500 for cancer research. Let us bring a friend and double that total in 1985. If you are unable to participate and

registration areas is the Haliburton dock, near the orange information caboose. All runners must

complete an entry form at the registration area before starting the run. Minimum donation for runners without pledges is \$5. Registration will begin at the dock at 1:30 p.m.

Pledge sheets are available at the following locations: In Haliburton, the Haliburton County Echo and Minden Recorder, the Home Support Drop-In Centre, Haliburton Highlands Secondary School, J. Douglas Hodgson Elementary School. In Minden, Archie Stouffer Elementary School, The Times office and Carnarvon Building Supplies in Carnarvon.

wish to make a donation, pick up a pledge sheet and drop your donation off at the run site during the run or at any chartered bank after the run.

The Haliburton Terry Fox Run will take place on Sunday September 15 1985 at 2:00 p.m. The location of the start of the run and

Stores' effort will help feed African young

Everyone is aware of the plight of the refugees of Ethiopia. The shortage of food and poor living conditions creating unbelievable suffering. Only a few people know that this same situation has spread to adjoining countries and is getting worse daily. Only one in five will live through this terrible tragedy.

As the Canadian song goes, "Tears Are Not Enough", the effort to raise funds must not stop.

Stedmans stores across Canada, including those in Minden and Haliburton will be participating in this program to help the people of Africa.

As a leading retailer in many communities across Canada we are planning a national fund raising event to be named: "Stedmans Day For Africa".

The company hopes their leadership will encourage other retailers to move in a similar direction.

September 9 will be Stedmans "Day for Africa". Participating stores will be asked to contribute 5% of the sales on that day.

The total amount will be donated through "The Canadian Catholic Organization for Development & Peace". This is a voluntary group and of all the relief organizations, has the lowest administrative costs. These volunteers are also working closely with the people and are able to determine how and where the funds can be most beneficially used.

More information on the special fund raising effort contact the staff in either local Stedmans stores.

Kickers finish third in tournament

The Dixie Lee soccer team placed third in their four team division playing in the Muskoka Playoff Cup Tournament last Saturday and Sunday. Each of the three games was very close.

The regular season is now finished, but Dixie Lee will practise in Haliburton at 6:30 on Thursday, August 29. They will now prepare for an exhibition series possibly including a game in Huntsville on Sunday, September 8. The team hope to have some highschool senior players at the practice to replace the college players who will have left for school elsewhere.

In the first game, Dixie Lee tied Parry Sound, the division winner, 1 - 1. Five minutes into the game the Parry Sound left wing had a

close in shot. Andy Shapiera made two saves in succession on rebounds before giving up a goal.

Midway through the half Tim Davies crossed the ball from the left corner and Ivor Thompson headed it in for Dixie Lee. In the second half Parr Sound had a number of chances but the Dixie Lee defense and the goal posts thwarted them.

Dixie Lee lost to Gravenhurst, the second place team in the division, 2 - 1. Mike Hatkoski scored early after bursting through two defenders. Near the end of the half a Dixie Lee defender lofted his pass back to the goalie as the goalie was coming out. This miscue tied the score.

In the second half, Gravenhurst scored on a direct kick at the edge of the

penalty area. Their kicker sent the ball over the Dixie Lee wall high into the net although the goalie and a defender got a piece of it.

On Sunday, Dixie Lee and the Muskoka Phoenix palyed to a 1 - 1 tie. Dixie Lee had a number of chances in the first half, but didn't score, until the second half when Brian Holden crossed the ball to Tim Davies who put it in. Muskoka tied the game on a corner kick.

Throughout the series

Dixie Lee used a special defensive formation. Opponents scored more goals against each other than they did against Dixie Lee. The Haliburton team used four fullbacks including Shawn Chapman and Paul Milne. Either one of these or Rolf Fluegel, a regular fullback, would join the attack if there was an opportunity. Hans Walter from his midfield position also joined the attack regularly. The close scores meant that Dixie Lee always

threatened with their fast breaks.

The tournament was a great success for the team because they played their system well and they had lots of spare players who patiently waited their turn to play.

Q:
Why do 5 million Canadians have trouble catching their breath?

A:
They have lung disease. To find out more, call your Lung Association.

Wildlife featured at gallery

(from page 2)

off the canvas.

Deborah Bates of Lochlin has gained a well deserved reputation as an accomplished artist specializing in animal portraiture. While her canvasses appear at first glance to be watercolours they are in fact pencil or pen and ink drawings that accurately depict wildflowers, birds and animals.

Alan Bateman, son of Robert Bateman, one of the world's foremost wildlife artists, has included three of his most recent works in the show.

An abstract watercolour of Boshkung Lake, an acrylic study of a sunlit boulder and a haunting portrait entitled "Tracy's Summer" that evokes a sense of sadness and defeat reveal the young artist's growing talent.

Alan has practiced his craft during summers spent at his parents' cottage on Boshkung Lake and is cur-

rently studying at the Dartmouth College of Art.

Dzintra Schlotter lives in Oakville but has made her second home near Carnarvon, where she continues to paint and sketch.

Natural habitat

Her watercolours and pen and ink drawings on display at the gallery deal exclusively with wildlife, but she is also noted for her paintings of floral groupings and landscapes.

Rather than single out individual subjects her ink drawings portray families of geese, grizzlies and raccoons at play in their natural habitat.

Lew Porter has spent the past 30 years studying native arts and crafts in British Columbia and at his secluded home near Bancroft. Primarily self taught, he has become accomplished at leather tooling, quill work, tanning, wood carving and moose hair tufting.

Using natural materials such as animal hides, feathers, wood, birchbark and porcupine quills he creates decorative and ceremonial clothes and artifacts of the pre-Columbian era. He is one of the foremost practitioners of an art form that has been part of the North American Indian culture for thousands of years.

His elaborate and colourful creations reveal his devotion to and respect for an ancient craft which is currently undergoing a renaissance. The native artist has conducted numerous workshops in native crafts and has been the author of over a dozen handbooks.

This past summer he taught quillworking at the Sir Sandford Fleming School of Fine Arts.

While the theme of the large and varied exhibit at the Agnes Jamieson Art Gallery is Wildlife, the show is as much a study of the

Highlands as it is a documentation of native birds and animals and although the show has been designed to appeal to men it offers something for everyone.

Above all, the exhibit offers concrete evidence that there are some very talented artists living and working in this region.

The show continues until Saturday, September 14.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shore-line perimeter of Devil's Lake (formerly Lutterworth Lake), in front of Part of Lots 22, 24 and 25, in Concessions 13 and 14, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance Portions to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on Tuesday, October 1st, 1985, at the hour of 4:00 o'clock p.m., a By-law to stop up and close the parcels of land more particularly described as follows:-

SCHEDULE "A"

ALL those adjoining parts of the sixty-six foot Original unopened Shoreline Allowance for the Road along the shore of Devil's Lake, in front of Part of Lot 22, in Concession 13 and in front of Part of Lot 24, in Concession 14, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3324.

AND, in addition, to convey Parts 1 and 2 on Survey Plan 19R-3324 to the owners of the abutting Instrument Numbers 49190 and 31057.

SCHEDULE "B"

ALL That Part of the sixty-six foot Original unopened Shoreline Allowance for Road along

the shore of Devil's Lake, in front of Part of Lot 25, in Concession 14, in the Township of Lutterworth, in the County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3325.

AND, in addition, to convey Part 1 on Survey Plan 19R-3325 to the owner of the abutting Township Roll No. 033-148.

SCHEDULE "C"

ALL those parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Devil's Lake, in front of Part of Lots 24 and 25, in Concession 13, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1 to 8 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3338.

AND, in addition, to convey Parts 1 to 8 on Survey Plan 19R-3338 to the owners of the abutting Instrument Numbers 111012, 46732, 15837, 91676, 128466, Township Roll No. 002-872 and Instrument Number 128070.

Copies of Survey Plans 19R-3324, 19R-3325 and 19R-3338 are attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 21st day of August, 1985.

ANNOUNCEMENT

BERN BERRY

I want to represent the residents of Anson, Hindon & Minden for the election term 1985 - 88. Let's discuss it -- 286-2925.

Members of the 1985 Tri-County championship Minden Rockcliffe Hustlers include: from the left, front row: Bob Hammond, Dave Hartwick, Tom Hailey, Greg Newell and Dave Dollo. Second row: Neil Burk (coach), Rick Hartwick, Jack Snell, Colin Newell, Frank Scriven, Barry Hammond and Gene Newell (coach.) Missing: Brian Shaw.

Hustlers win fourth title

The Minden Rockcliffe Hustlers pounded Lindsay Kent Tavern by the score of 16-0 to win the Tri-County championship in three straight games.

The Hustlers slammed 5

home runs, 4 doubles and 2 triples as they completely dominated the visitors from Lindsay. Dave Hartwick (2 homers) Colin Newell (homer-triple-double), Greg Newell (homer-double)

were the big guns at the bat for Minden with Jack Snell also adding a home run and pitching a three hit ball game raising his record to 14-0 in league play.

This makes the fourth

straight year that the Hustlers have walked off with the championship. The Minden team would like to thank their fans for their support again this year.

HONDA DRIVES ALL TERRAIN TECHNOLOGY A GIANT STEP FORWARD.

We've done it by introducing four wheel drive on our newest FOURTRAX model. The go-everywhere FOURTRAX 4x4. And four wheel drive isn't the only thing that's new. There's an all-new high torque 350 cc four valve engine to deliver

lots of smooth, strong power. There are newly designed high traction 24 inch tires. A five-speed transmission with super low first gear plus reverse. An electric starter. Maintenance-free shaft drive. Full front and rear suspension. When it comes

to hard working all terrain four-wheelers, nothing has more drive than Honda's new four wheel drive FOURTRAX 4x4.

THE TIMES Page 13

Branch 129 news

by Gerald Irish

If you are interested in becoming tenants in a Senior Citizens' Apartment Building in Haliburton, pick up a survey questionnaire from the manager of the Legion, fill it out and return it to the Legion before September 3. Those who have already submitted their names need not pick up a questionnaire. Your names and survey information are essential for our submission to C.M.H.C.

Yes, we are taking a bus to Nashville. The required numbers of people have signed up and paid their deposits. We have only ten seats left vacant. Hurry in

with your booking form and deposit. Don't miss out on this good time.

The very popular Earl Wilfong Trio had the Club Room jumping on Saturday night. For Labour Day weekend, both Friday and Saturday nights, we were fortunate to book the highly pleasing entertainer, Joey Nicholson. Come out and see and hear Joey.

On Saturday, August 31 at 12:30, your Legion Band, colour parties and marching units will be participating in the Kinmount Fair Warriors' Day Parade.

Don't forget the General Meeting on September 5.

Trent-Severn water levels

The declining water levels in the Haliburton Area lake had just crossed over their ten year average on August 12, but on Monday August 19 they were back very close to it at 66.9%. This was a small weekly decline of only 2.2% reduced by a considerable rain on the 15th and 16th. Less rain fell in the Kawartha area than in Haliburton.

Today, August 23, the canal route lakes are in a slow gradual decline, and at

levels only a few centimetres from their normal full navigation level. Outflows to the Otonabee and Trent Rivers remains near minimum to make the water last longer.

Recent rainfalls have been sufficient to keep Scugog Lake and Lake Simcoe above their respective normal levels for this time of year. Lake Simcoe outflow has been well above minimum as well during this time.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close certain portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road along the shoreline perimeter of Deep Bay/Gull Lake, in front of Part of Lot 18, in Concession 10, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance portions to the abutting property-owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of The Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Thursday, September 19th, 1985 at the hour of 7:00 o'clock p.m., a By-law to stop up and close the parcels of land more particularly described as follows: -

SCHEDULE "A"
ALL that part of the sixty-six foot Original unopened Shoreline Allowance for Road along the shoreline of Deep Bay/Gull Lake, in front of Part of Lot 18, in Concession 10, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1, 2, 3, 4, 5 and 6 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3302.

AND, in addition, to convey Part 1 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 130719.

AND to convey Part 2 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 82437.

AND to convey Part 3 on Survey Plan 19R-3302 to the owner of the abutting Instrument Numbers 82436, 2516 and 26452.

AND to convey Part 4 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 26453.

AND to convey Part 5 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 89197.

A copy of Survey Plan 19R-3302 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person, or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 30th day of July, 1985.

Marking twain on Maple Lake evokes

Not since the days when the steam powered Alligators plied the lakes and rivers of Haliburton County, have paddle boats been seen in this region. Not until last weekend that it, when the sternwheeler Clem's Belle passed through the county. But the low water level at the boat launch on Maple Lake made it too difficult to launch the craft and Clem's Belle spent the weekend in drydock.

In this case, drydock was a conventional boat trailer parked on the front lawn of John and Dawn Thompson of Maple Lake and because of the constant drizzle, the berth was far from dry.

At the Thompson house on Sunday, the boat's owner and builder, Ron Clemens of Cambridge, talked about the history of the miniature vessel.

"I was listening to Gordon Sinclair on the radio two years ago when he reported that the last paddlewheeler on the Mississippi had run aground. He said that the boat was named after Samuel Clements. I thought, my name is Clemens, why shouldn't I build a riverboat myself?"

After a lot of thought Ron decided to keep his project within reason. He chose a fibreglass boat, The Nomad, that doubled as a car top carrier and had a professional canoe manufacturer laminate four extra layers of fibreglass on to the hull to increase the strength and rigidity.

An aluminum framework was bolted on to the stern to carry the paddlewheel and a used lawnmower engine installed to power the wheel through a system of belts and pulleys.

Twin rudders

A miniature ship's wheel attached to twin rudders and a pair of bucket seats for the captain and his first mate, Audrey Rahn, who added many of the finishing

touches, completed the initial phase of the project and in the spring of 1983, Clem's Belle was launched.

However, the boat did not have smooth sailing that first summer. As Ron explained, "We had problems with the first engine. It kept conking out and I had a heck of a time trying to get it going again with the pull start."

"We had to be towed back to shore a lot," he added, noting the boat tended to go in circles while under tow. Until a post was added to the bow, Ron would have to hold on to the tow rope from the side of the craft and consequently the boat tended to veer of course.

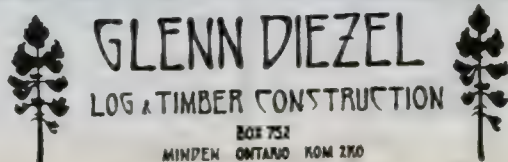

The original engine was replaced with a new 6 h.p. Tecumseh gasoline engine with an electric start and has performed flawlessly.

"Top speed is about 5 m.p.h. Whether we are travelling upstream, downstream, with the wind

(more on page 15)

Ron Clemens and Audrey Rahn stand proudly beside their miniature stern wheeler on the shores of Maple Lake.

NOTICE OF PUBLIC MEETING RE: COMPREHENSIVE ZONING BY-LAW

A meeting will be held on SATURDAY, August 31st, 1985, in the Municipal Council Chambers on Milne St., Minden, from 10:00 a.m. to 1:00 p.m. for the purpose of providing information to the public regarding the preparation of a new comprehensive zoning by-law for the Townships of Anson, Hindon and Minden. The planning consultant responsible for the preparation of the by-law will be in attendance to respond to any questions you may have regarding your own properties, or general zoning matters. Council encourages all interested ratepayers to attend this important first information session.

THE TIMES Page 15

era of riverboat stern wheelers

(from page 14)

or against the wind, it just putts along at 5 miles an hour," Ron said.

As an added bonus, Ron noted the boat can run for weeks or about 100 miles on a gallon of gas and has completed an eight hour tour of the Conestoga Dam Lake near Kitchener without refuelling.

Shallow draught

In spite of a total weight of 600 lbs (passengers included) the craft only draws about ten inches of water allowing Ron to travel in shallow water without fear of grounding or getting the wheel caught in weeds.

However, as Ron noted, the extra thick hull is sturdy enough to be run up on shore and slippage in the drive train prevents the wheel from being damaged if it becomes entangled in weeds, or as has happened, in a rope.

Ron has spent many pleasant hours cruising on lakes near his home and has toured Maple Lake, but noted experience has shown the craft is a fair weather ship and prefers calm waters.

"Because it is such a flat bottom and shallow draught, it bobs like a cork in rough water. We took it out on Georgian Bay at Honey Harbour and believe me, it was a very short trip," he said, adding, "I wasn't sure if we were going to make it back to the dock."

Describing the construction of the miniature paddlewheeler as an exercise in "eyeball engineering," Ron noted Clem's Belle has

become an ongoing project.

"Every year we put a little more into it. We added the engine, sun roof and running lights last year and this coming winter I will be adding simulated crank-arms and ballast tanks to trim it up. If we sit too far forward, the back end tips up and the paddlewheel comes out of the water. If our weight is too far to the rear, the paddle draws too much water and tends to slow down."

Ron handiwork has not gone unnoticed by his neighbours and he had had to put up with some good natured ribbing. "The neighbours call it the biggest bird house around. With all the small windows, it looks like a giant purple martin house," Ron said, adding "But it doesn't attract the birds, so I guess they aren't fooled by it."

Ron said he regretted not being able to launch Clem's Belle this past weekend, but hopes to return to Maple Lake next summer for a cruise.

As he lifted the roof to reveal the roomy and comfortable wheelhouse, Ron looked over Maple Lake and said, "It is too bad we weren't able to sail today. It looks a lot better in the water."

Nevertheless, Clem's Belle was an impressive sight. As it sat on the trailer, flags blowing in the stiff wind and the stern wheel spinning quietly, visions of southern belles and riverboat gamblers came to mind and we were reminded of childhood stories by Mark Twain.

Complete with smokestacks, flags and multi-level decks, Clem's Belle resembles a stern wheeler of another era.

PROTECT YOUR CAR FROM RUST

HALIBURTON AUTO BODY

HOW RUST CHECK WORKS

Rust Check is a special formula that will:

- ✓ 1. Evaporate moisture.
- ✓ 2. Penetrate existing rust, tight seams and crevices, right through to the base metal for maximum protection.
- ✓ 3. Creeps continually to provide year round protection.
- ✓ 4. The only rust treatment recommended by the Automobile Protection Association.

RUST CHECK works on new or used cars.

Walk helps villages

The annual Walk for Wells helps raise money to assist in the drilling of drinking water wells in India. According to the organizer of the walk, Gerry Feltham, funds raised through the local effort are being matched by the federal government through the Canadian International Development Agency.

In a recent report, Mr. Feltham stated that the money raised in the walk is helping to drill 12 wells in nine villages and that more are planned. Mr. Feltham has also provided a number of reports on the progress of individual projects and what they mean to the communities concerned. The following are a few of those reports to illustrate the impact the money raised in the Haliburton Highlands is having on the other side of the globe. (The initials EFICOR appearing in this report refer to the agency managing the Walk funds in India, the Evangelical Fellowship of India Commission on Relief.)

Sreenivasapura

This is a village which is divided into two. Both the sections are of a lower caste and due to communal conflicts, the village has been split up. The first section has about 700 people, the second 500 people. This total of 1200 people do not have a single bore well or proper open well for their drinking water. On investigation we found the people are mainly agricultural labourers and coolies who earn minimum of 7 rupees a day. Their children do not go to school as they must help their parents on the land. Their clothes are always dirty and shabby.

There is a lack of cleanliness and much poverty prevails. Water is the most important life-giver to them as we found that both the sections are in dire need and feel we must help the people there for we are recommending two bore wells here. We are sure the people of Sreenivasapura will be ever grateful.

Thaganahalli

Fifteen kilometres from Nelamangala Town and alongside the Bangalore-Mirage railway line, situated on a slight elevated region is the village of Thaganahalli. There are about 50 hutments and about 300 people. There is one open well which yields no water at all, so they are forced to travel long distances for water. As this is another one of the villages listed in the government and on verification there are no existing bore well, we have recommended the drilling of one well.

Achanapalya

This village is quite in the interior part of the Nelamangala Taluk which is in the neighbourhood of a large metropolitan city like Bangalore. The concentration of development is only in the city and their peripheral areas are yet to benefit from the variety of developmental activity that exists. Achanapalya is situated on a hill, from many bygone days the people depended on the water

sources below the hill, where, as the area passed through the many droughts there by reducing the water table and thus drying up the open wells. It is in the

interest of our relief organisation that this small population of 80 people on Anchanapalya hill, also benefits.

Thamyagundelu

Thamyagundelu is a historical village consisting of a population of 8000 people of various caste and communities. In the summer season the existing open well dries up and there is a terrible shortage of water in this village. The government is very worried at the amount of sickness which occurs due to unhygienic and polluted water and the deficiencies of raising enough money to adequately provide enough drinking water in thickly populated

(more on page 18)

ASK YOUR PHARMACIST

The medicine cabinet

"I have a bathroom cabinet full of medicines. Some old, some new. How can I tell if the medicines are still good?"

To begin with, the bathroom is just about the worst place in the home to store your medicines. Your kitchen is no better. Heat and humidity damage drugs. Almost everyone stores their ASA, cough syrup, vitamins, creams, lotions and a lot of other things in the bathroom cabinet; some people use their kitchen cabinets. Have you ever tried to look in your bathroom mirror after you've had a shower? Or out of your kitchen window when you are boiling potatoes? All that heat and moisture also gets into your medicines. It will cause them to deteriorate. Safety closures are no help. They are not air-tight and do not keep out heat and moisture.

All medicines deteriorate eventually, some more quickly than others. Medicines should be stored in a cool, dry place. If yours are, then you can follow these general storage guidelines:

1. Discard any liquid a month after you've opened the bottle.
2. Tablets and capsules are generally good for a year. However, coated tablets will last much longer, sometimes up to five years.
3. Ointments, creams, and gels can be kept for about six months.
4. Some special products used for acne can only be kept for 30 days. Check for an expiry date on the package.
5. Any medicine that changes color, has a moldy appearance, or develops a sediment or unusual odor should be discarded immediately.
6. Never save prescription medications for future use unless your doctor says you may.
7. Don't store medicines in the refrigerator unless your

pharmacist tells you to do so.

Some medicines lose their effectiveness after a certain period; others may become harmful. Look for an expiry date on the medication. If it's passed, throw it out.

Don't throw old medicines into the garbage. You may throw away a very small amount by flushing it down the toilet, rinsing out the container, and throwing the container into the trash. If you have a larger amount (for example, more than 2 or 3 pills), take the medicine to your pharmacist, who will discard it for you. IT WILL NOT BE RE-SOLD OR USED BY ANYONE ELSE.

All medicines should be stored in a locked cabinet or box. Your bedroom is probably a good place to keep medicine if it will keep your medicines cool, dry, and out of the reach of children. No children in your home? Don't forget about visiting children and adults who act like children sometimes.

Be sure to ask your pharmacist if there are any special storing instructions for the medicines you purchase, both prescription and non-prescription. Remember not to store them in your bathroom or kitchen. Medicines can only help you if kept fresh. Store them wisely.

An advisory column written by The Canadian Pharmaceutical Association, Ottawa, Ontario.

NOTICE

(FILE 11-85)

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner part of the original allowance for road along the shore of Mountain Lake in front of Lots 5 and 6, Concession 5, Township of Minden, all of the original allowance for road along the shore of Mountain Lake in front of the original allowance for road between Lots 5 and 6, Concession 5, Township of Minden, and part of the original allowance for road between Lots 5 and 6, Concession 5, Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden, Ontario, on Thursday, August 29, 1985, at 7:30 p.m., proposes to consider and, if deemed advisable, to pass a By-law to stop up, close and convey the above-noted portions of road allowance more particularly described as follows:-

Part of the original allowance for road along the shore of Mountain Lake in front of Lots 5 and 6, Concession 5, Township of Minden; all of the original allowance for road along the shore of Mountain Lake in front of the original allowance for road between Lots 5 and 6, Concession 5, Township of Minden; and part of the original allowance for road between Lots 5 and 6, Concession 5, Township of Minden, designated as Parts 2, 3, 4, 5, 6 and 7 on a plan of survey by Bishop & Wilson Ltd., O.L.S., dated December 10, 1984.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at Minden this 30th day of July, 1985.

(Ms.) Beverley Anne Millar,
Clerk-Treasurer,
Townships of Anson, Hindon & Minden,
P.O. Box 98,
Minden, Ontario.

Gallery features northern landscapes

Presently, the Rails' End Gallery is showing "Northern Landscapes and Precious Metals." Our main gallery features the works of

John Joy, William Sherman, and Murray Stewart, three artists who paint landscapes of the Haliburton area. We are also fortunate

to be showing works by the Group of Seven from the Canada Packers Collection. The Waitingroom Gallery features a jewellery exhibi-

tion with many interesting artworks by Toronto jewellers. The colourful batiks from Sarah Hale are also on display. This exhibition can be seen until

September 14.

The beginning of the new Concert Season is almost here. The first concert is October 21. This year is the ultimate in quality entertainment at an affordable price: 5 concerts for the usual \$20. Tickets are now on sale at the Gallery or through members of the Concert Committee. It is hoped this year volunteers will agree to sell a small number of tickets to their colleagues or clubs.

Don't forget to drop in to our Gallery Boutique with its locally-made handcrafts and art pieces, as well as Ted Carson's wools.

Villages appreciate effort

(from page 17)

villages. This village was investigated and three sections were found to have a need for a bore well. As the need is great here, funds are requested to sink and install three bore wells in this village, whereby at least 2000 will have access to pure drinking water.

Kulavanahalli

This village is five kms from the highway and situated one tank behind. It has benefitted in the past much more than other villages due to the fact the tank was always full of water. As it is already known, many droughts have affected these areas and subsequently reduced the water table. Today the

village stands behind a dried up tank. Basically the village is divided as usual in two parts, the higher caste and

lower caste. In 1984 the government drilled two wells, one in the upper area and one in the lower which was silted up and further operation is not possible. On investigation it was reported that the lower caste were never allowed to take water from the upper section well. There was communal friction, which resulted in the exchange of hard abuse and sometimes, raising of fists. Many of the 400 population visited the Block Development Officer and reported incidents which

took place here. The Block Development Officer has requested EFICOR to investigate. We have recommended one bore drill in the vicinity of the lower caste community.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owner, that part of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Boshkung Lake, lying in front of part of Lot 12 Concession V and being more particularly described as Part 1 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3323.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BYLAW will come before the said Council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 11th day of September, 1985 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

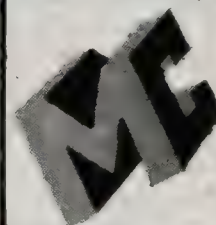

DATED: July 30, 1985.

Youth program ends

- Ag report -

The 1985 Youth Employment Programs have officially come to a close in Victoria and Haliburton Counties after a very successful summer.

7 Junior Agriculturalists completed the Program's requirements of working on a farm for a maximum of 50 days. These urban students have had an excellent summer break on this unique summer program, learning about rural life and work on a farm.

The Agricrew Program also had a very successful summer; the two crews available in this area were completely booked for the entire summer. The farmer's response was tremendous and many farmers employed Agricrew for the first time this year.

Lisa Thompson, the Co-ordinator for both Programs would like to thank everyone who employed an Agricrew and helped to make it a success. A special thank you is extended to all the Junior Agriculturalist Host Families who had the special opportunity of hosting an urban student and providing a learning atmosphere while the students were employed on their farm. It is because of the interest put forth by the farming community that students are able to find employment in these programs.

There is no known reason why newly harvested grain should cause problems in livestock and poultry feeding. However, from time to time, farmers and veterinarians report severe, unexplained losses of cattle and chickens at combine time.

I have consulted with several knowledgeable people about this situation, and there seems to be very little agreement as to whether the problem even exists.

Perhaps some common sense discussion on feeding new grains or changing feeds might be useful.

1. Use up the old feed first. This will give the new grain some storage time.

2. Begin using the new grain by mixing it with the old for a few days.

3. Feed limited amounts of the new grain at first. It is very palatable and animals may gorge themselves. The effect may be similar to that of fresh corn-on-the-cob in people.

4. Feed new grain several times a day, rather than one or two large feedings; and allow the feeder to be empty between feedings or, in the case of cattle, feed lots of good quality hay at the same time. If the cattle are full of hay first, they will restrict the amount of grain they take in.

These measures should

allow producers to avoid problems with new grains if, in fact they do exist.

As the last days of summer blend into the fall, it is time once again to think of fall weightings and weaning.

Those January 1st calves are very close to the eligible age limit for weighing under Red Meat.

The weighing limits are calves between 120-250 days of age.

That means the last possible day to weigh a January 1st calf is September 8.

The local weighmen take these bookings on a first-come, first served basis. So sit down and decide on a weigh date now, then book it so you won't be disappointed.

So here's to a good fall, heavy calves and no missed deadlines.

WANTED

Tenants for proposed
COMMERCIAL BUILDING,
Main Street, Minden

All persons or groups interested in occupying a portion of the proposed commercial building to be constructed in downtown Minden by the municipality as a L.E.A.D. project are invited to attend and participate in a design planning and information session in the Municipal Council Chambers on

WEDNESDAY, SEPTEMBER 4, 1985

At 7:00 p.m. Council representatives and our architect will be present to answer your questions and discuss your proposals.

Hyland Crest: serving our seniors

In 1962 the Fellowship Group of the Carnarvon

church groups have operated since the Home first opened. They assist the Home, by meeting every month and raising money to the welfare of our residents.

United Church Women, realizing the need in Haliburton County for a building to provide care for our Senior Citizens, approached members of parliament, the Ministry of Public Health and other bodies for information on such a project.

The recommendations were received favourably and the wheels were set in motion.

This modern superbly equipped senior citizens' home sits on high ground here in Minden, proudly overlooking the Gull River and the Village of Minden. The Home was built to accommodate 60 residents with 4 infirmary beds. We now have 62 beds and 2 infirmary beds, 42 are Extended care and 20 are Residential care beds. We now have a very large waiting list.

The first resident to come to the Home was Mrs. Helen Keeler on July 4, 1966, but the official opening for the Home was not until October 5, 1966.

Over the years there have been many changes in both the residents and staff, plus many needed improvements to the Home. Through donations we were able to purchase a bus to drive our residents around the County and on trips to other Homes. The service clubs in the County have supplied us with television sets, tables and radios. Many individuals and

The following editorial appeared in the October 13, 1966 edition of The Minden Progress.

WE CAN BE PROUD OF HYLAND CREST

The Auditorium was filled to capacity, last Wednesday afternoon, as the Hyland Crest County Home for the Aged, here in Minden was officially opened. Most of the people on hand for this long awaited occasion were from the county - and a quick glance around, one could tell everyone was bursting with pride.

Everyone can certainly be proud of this Home, built to take care of our senior citizens - it is complete in every way. One can not account for the many long hours of planning and organizing which went into this beautiful building. It wasn't all easy for the few who worked on this project, they had many problems and headaches, but with much determination and perseverance their efforts were fulfilled - and we can say thanks for a job well done.

It was back in 1962 the Fellowship Group of the Carnarvon United Church Women realizing the need in Haliburton for a building to provide care for senior citizens approached members of parliament, the Minister of Public Health and other bodies for information on such a project.

At as public meeting in January 1963, the Director of Homes for the Aged spoke to a representative of all municipalities of the county, service clubs and church organizations and from this meeting a committee of three was formed to prepare a brief for county council. The recommendations were received favourably and the wheels were set in motion.

Since those early meetings people rallied around the project, reports were prepared, donations committees set up, a committee of management appointed. Over \$1,300 was donated by individuals, groups and organizations in the county as well as many donations of furniture, equipment, plants and clothing.

This modern, superbly equipped senior citizens home sits on high ground here in Minden, proudly overlooking the Gull River and the village of Minden. The planners couldn't have picked a better location, for as it stands it will always be a symbol to those who look up at its out-stretched wings, displaying comfort and a home away from home atmosphere, for our senior citizens.

It stands there on the side of a hill - a monument to the dedication of purpose for the citizens of the county of Haliburton.

money for the needs of our residents. In the past year they were able to build a gazebo and every year the Auxiliary supply the money for Christmas presents for all the residents.

Hyland Crest Home operates under the Ministry of Community and Social Services and a Committee of Management made up from Reeves and Deputy Reeves of Haliburton County Council.

The Home is a great asset to the County, both in terms of looking after its senior citizens, who have done so much for the Haliburton area, and giving employment to our staff, who add to the economy of our County.

The Home offers residential care for

those who are able to look after themselves and nursing care for those who need assistance in their daily living. We also offer vacation care, when a bed is available, for those who need care while their families are away.

The lounge areas provide for reading, writing, watching television or neighbourly visiting with other residents or visitors. Special diets, as prescribed by the Home physician, are provided and juice and snacks are also provided between meals and before retiring.

Hyland Crest offers for its residents a tuck shop, barber shop and beauty parlour. Interdenominational services are held each Tuesday and Sunday in our chapel. Varied

entertainment is provided by numerous clubs, fraternities, church groups, and individual citizens. Tea parties, bingo, picnics, card games and films are part of the regular activities in the Home. Regular craft instructions by our activities department help residents continue hobbies or find new interests.

We are now in our eighteenth year of operation, and in updating our Home over the past years we have installed many new improvements for the benefit of our residents.

The door is always open for anyone to visit with the pioneers and builders of Haliburton County.

Sidney Brown,
Administrator.

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

The Library/Cultural Centre was the scene of much enjoyment Monday morning when 71 young people and parents took in the puppet shows. Napoleon Forbes, Michele Stong and Chris Oberg of Trent's Travelling Troupes presented the shows "Jack and the Beanstalk" and "3 Billy Goats Gruff" for the children. The troupe is sponsored by Ontario Library Service - Trent and the Ontario Ministry of Citizenship and Culture. It was an exciting and enjoyable event for the youngsters and the young puppeteers are to be congratulated on the superb presentation.

Rotary bingo continues each Tuesday evening except, of course, on September 3. The bingo, held at the Minden Community Centre, will re-open on September 10 with the early bird games commencing at 7:30 p.m. Lots of prizes to be won so get out and support your community while having a good time.

Visitors last week with Florence and Phil Robinson were Mr. and Mrs. Jack Rosser from Ailsa Craig.

Mr. and Mrs. John Lindsay and Robert Knox of Oshawa were recent visitors with Mrs. Mary Currah in Gelert.

Club 35 card party winners this week were: most lone hands Murray Daniels, high lady was Betty Campbell and high man

Dean Hodgson. The door prize went to Ken Campbell while other winners included Myrna McCarthy, Lou Penick and Edith Russell.

Minden Horticultural Society is presenting a slide presentation entitled "Horticulture and Heritage" on Tuesday, September 3 at 7:30 p.m. in the municipal building. The speaker will be Mr. James Ellsworth of Parks Canada and everyone is invited to enjoy this interesting event.

Thursday winners at the card party held at the Library/Cultural Centre for the museum were most lone

hands, Verna McDonald and others, May Spence, Johann Beattie and Steven Porter.

A meeting of the H.A.V.E. Committee will be held at C.H.A.C.E. Place in Haliburton Village on September 21 at 8 p.m. The speaker will be Mr. Clarence McInerney who will speak on his recent stay in The Gambia.

By this time next week we will no doubt have heard a loud collective sigh of relief from mothers when the youngsters are back in school. To many it has seemed a very long summer but we're sure the kids feel they just got out - now it's time to go back! Oh well, before you know it, it'll be Christmas! (Boy time sure passes quickly when you're having fun!)

Daydreams

The rain patters on the roof and gently falls
Above my head.
I like the rain
It is so soft and silky and seductive.
And makes me think of many places and things
Where I have and have not been.
The countries that I've seen
And would love to see
The Taj Mahal in all its glory
But the Casbah is another story,
With its beautiful youths so innocent
All taught to steal, on mischief bent.
The mountains and treasures of Spain
Ah to see them once again.
The ruins of Greece and artifacts
Pompeii, what memories it calls back,
England, Scotland and bonny Wales
The kilts, the bagpipes and wondrous tales,
Lunenburg and Peggy's Cove
Where strong and brave fishermen strove
Against the sea.
Reno and its palatial sights
Lake Tahoe on warm, lovely nights
Colorado with breathtaking view
Oh yes, I do remember you
Majestic Stowe, with all its snow
But then I hear the rain again
Pattering gently on my roof
It's time to put the dreams away
And save them for another day. Yvonne

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What is a hot time?
A: A clock in the oven.

Q: What is the worst weather for rats and mice?
A: When it rains cats and dogs.

Q: What is the most difficult key to turn?
A: A donkey.

Q: What is the only thing you break when you say its name?
A: Silence.

Q: What driver never gets arrested?
A: A screwdriver.

Q: Why did no one play cards on Noah's ark?
A: Because Noah sat on the deck.

senior league

by Bert Harrison

Dear readers, we had no sing-song Friday afternoon, we had a real interesting movie, "The Coal Miner's Daughter", if you haven't seen it you surely ought to. Saturday morning a lovely day for the Minden Fair, we'll tell you all about it after we've been there. Doris & Linda came in to take us in the Hyland Bus to join in the parade to the Haliburton County Fair. The kitchen staff prepared a real nice lunch for us all to share. As for the volunteers we had a few when we take these bus trips. Harry & Jean Cowan are a great help, they know just what to do they always bring a basket of fruit to help out with the eats, which is always a real nice treat. We had Edna Morgan too, and it wouldn't be right if we didn't include our own Chantelle McKnight. As we joined the parade it was a perfect day and we were

greeted all along the way. We would like to congratulate our own Ellen Knight who really is a dear, for winning first prize for being the oldest lady on the grounds being in her 101st year.

Congratulations we would like to say to Violet Thornett who just had a birthday yesterday. Something else to tell my readers which is only right, Ada Allcorn had Mr. and Mrs. Phillip Allcorn and her brother-in-law Gordon come to dine with her Saturday night.

On Saturday Edna

Cowan attended the Condon and St. Peters family reunion at Argyle, some folks came from close by and some from many a mile, they had a real social time together on this 17th August day, many children had lots of fun on the swings, by the way.

Sorry to report that Edith Welch has gone to Peterborough hospital, we really don't know for how long.

Quite a lot of activity over the weekend here at Hyland Crest, some relatives came to call, others had special guests. Mrs. Eastman had her son Douglas come to visit his dear mother and I'm sure there were others, Mary Oliver has relatives come to wheel her round about. Ina McGuire has some of her family come and take her out.

Always an interesting service in the chapel on Sunday night, when the Thompsons and Rev. Burgess are both there to take their part. It's good to have Rev. John back with us again, always has an interesting message to impart, when he speaks it seems to come right from the heart.

We welcome Clara Coulter back from her holidays. She had a real nice time, because she went to Santa's Village to see dear old Santa Claus.

Monday morning Doris showed us a most interesting video movie of the Brown/Stamp wedding. Some seemed quite happy, others tears were shedding.

Monday night Linda showed us two movies for all who came to hear and see it. "The Caravaners" and "Celtic Spirit".

Tuesday morning Rev. Westhaver of Minden United Church conducted a very interesting service in the chapel this 20th August day. We thank him for coming and Fred Ballard the music to play. Then Tuesday afternoon Doris read to us for an hour or so. Then downstairs to play the quiz game again. We were on the B Team but we didn't win.

Tuesday night Murray & Shirley Davis came all the way from Horseshoe Lake shore to entertain us royally as they did many times before. We thank them for coming to entertain us fine. We look forward when they come back to us again.

Jack Stewart has just returned to us today just

after spending a nice holiday down Port Colbourne way.

Thursday afternoon the ladies from St. Stephen's church came down to us today, brought and served a lovely lunch, and for a good old sing-song Althia Gartshore played the organ which was enjoyed by all. We thank you for coming and look forward when you come again to call.

We thank the bingo callers who call the bingo numbers Thursday night, Sheldon Stevenson and Chantelle McKnight.

Here lies a man who saved it all.

For days of gloom when rain should fall,

He had no pleasure, played no game

And died before the pension came!

Winners in Tuesday's Mens and Ladies Seniors Golf Tournament sponsored by Minden Plymouth-Chrysler and Minden Shell Centre held at Beaverbrook Golf Club include; from the left, front row: Shirley Harper, Diana Ross and Ann Ptolemy. Back row: Lewis Lusky, Bill Russell and John Hobbs.

Bill Russell wins tourney

The threat of rain failed to dampen the enthusiasm of the golfers who took part in the first annual Mens and Ladies Seniors Golf Tournament at Beaverbrook Golf Course on Tuesday, August 20.

At noon, 36 duffers took to the golf links vying for the \$500 in prizes provided by the sponsors, Minden Plymouth-Chrysler and Minden Shell Service Centre.

Trophies were also presented to the golfers with the three lowest net and gross scores during the awards presentation in the clubhouse following the tournament.

Bill Russell was the top golfer in the men's category with a low gross of 40.

Diana Ross was awarded the trophy as the top women's golfer. John Hobbs and Lewis Lusky were the second and third place finishers respectively in the men's low gross category.

Ann Ptolemy and Shirley Harper picked up the second and third place trophies for the women's low gross.

Bill Badgley, Don Barker and Bob Ross finished one, two, three in the men's low net.

Jean Barker, Gloria Lemieux and Donna Johnson captured the top three positions in the ladies low net.

Other winners were: Bill Howe - 4th low gross; Doug Calvert - 5th low gross; Stan Harper - 6th low gross and Jim Burton - 7th low gross.

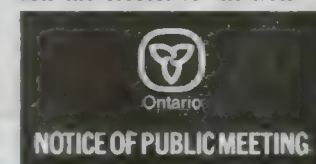

Tom Hurta - 4th low net; Lloyd Boskett - 5th low net; Jim Grant - 6th low net and Burt Sward - 7th low net.

Helen Russell - 4th low

net; Doris Grant - 5th low net; Grace Coburn - 6th low net.

Gloria Lemieux won the prize for the ladies longest drive and Shirley Harper won the closest to the hole competition.

Bill Russell had the longest drive in the men's challenge and Lloyd Boskett won the closest to the hole

NOTICE OF PUBLIC MEETING

CAREER OPPORTUNITIES

Are you unemployed, between the ages of 16 - 24, or a mature female re-entering the workforce and are interested in working in the hospitality industry?

If so, you might consider applying to the Haliburton Highlands Hospitality Training Centre.

During the 18 week program held from Monday to Friday, from 9 - 4, you will earn a wage while learning life skills and housekeeping along with specializing in one of the following hospitality skills:

Waiter/Waitressing
Bartending

or

Kitchen Help

Applications are available at the training centre. Closing date for applications is September 6th.

Haliburton Highlands Hospitality Training Centre
P.O. Box 908
Haliburton, Ontario

AT REST

ROBERTSON E. Russell

- suddenly at Meaford on Saturday, August 24th, 1985 in his 78th year, beloved husband of Isobel Robertson and the late Martha Robertson, dear father of Ruby May (Mrs. Norman Graham) of Gelert, Donna Elizabeth (Mrs. L. Hicks) of Ingoldsby, Doris Elaine Robertson of Gelert, Mary Linda (Mrs. Rick English) of Gelert and Judith Rae-Anne Robertson of Toronto, loving grandfather of 8 grandchildren, dear brother of May Emmerson of Haliburton, Nellie McCracken of Niagara Falls, predeceased by Erastus. Resting at the Gordon A. Monk Funeral Home from 7:00 p.m. Monday until 11:00 a.m. Wednesday, August 28th then to Ingoldsby United Church for Funeral Service at 1:30 p.m. Interment Ingoldsby Cemetery.

CARD OF THANKS

We wish to take this opportunity to thank the Minden Volunteer Fire Department for their excellent response to our fire in Lutterworth Estates last Friday afternoon at Syd West's home. To know that we have a fire department that responds so quickly and fights the fire so expertly and efficiently makes all of us at Lutterworth Estates feel very secure. Thanks again.
Bill Prentice

CARD OF THANKS

On behalf of the Minden Curling Club I would like to thank everyone who helped with our food booth at fair time. Your time and effort is most appreciated.

Jean & Howard Scott

I would like to express my sincere appreciation for all the cards, flowers, fruit baskets and visits I received during my hospitalization. The prayers and get well wishes were a constant encouragement. Thank you to the Kinsmen and K-40 members for supplying the T.V. which really helped to pass the time. Also to Ron and Joan Fennell, Norman and Betty Harrison, Eldon and Mabel Deacon, Mark and Sharron Fennell and Craig Kellett for supplying transportation which enabled me to come home on weekends. It made my hospital stay seem shorter.

ONTARIO CAREER ACTION PROGRAM SIR SANDFORD FLEMING COLLEGE

Are you between the ages of 16 and 24?
Have you been out of school for at least three months?
Are you actively looking for your first full time job?

O.C.A.P. can help Earn while you learn

The O.C.A.P. Training period lasts up to sixteen weeks, depending on the complexity of the training. During this time, you will receive a training allowance of \$100.00 per week. For further information: Contact Sir Sandford Fleming College, Box 339, Haliburton, Ontario K0M 1S0. 457-1680

CARD OF THANKS

Thank you to Ed Pergolas for taking on an extra work load during my absence and his continued support. My deepest appreciation for the excellent care which I received from Dr. Lodenquai, Dr. Tovich, Dr. Rowed, and Dr. Collins. A special thank you to Dr. Schatzker for his concern and friendship. Most of all a thank you to my family. Their many trips to and from hospital and their love and support. With them all things are possible.

Lyle McKnight
